

RECYCLING

A coloring and learning book

*The Funky
Junk Band*

Dear Recyclers,

Having fun and taking care of our environment go together naturally. This coloring book gives you some fun activities that will help you think about ways to protect our Earth by recycling.

We should all try to use less, so we make less trash. We can reuse many bags, boxes and other containers. This will also make less trash. Much of the trash we do end up with can be recycled and made into new items. So remember to Reduce, Reuse and Recycle!

The Funky Junk Band gives us a fun way of looking at our environment and what we can do for it. Join the Funky Junk Band now in having a good time while we protect the environment by recycling.

Michigan's
recycling.*

Peter Paper

Pam Can reminds you . . .

*glass, cans and plastic need to be
put in separate recycling containers.*

Max Glass says to draw a
RECYCLE logo like this one.
 The recycling triangle shows us
 that one thing can become
 something new and can be
 used over and over again.

Before you do this . . .

Betty Bottle wants you

to do this . . . **RECYCLE**

Max Glass

Make a list of the things we can make from recycled glass.

Make a list of the things we can make from recycled metal.

Pam Can

Peter Paper

Make a list of the things we can make from recycled paper.

Make a list of the things we can make from recycled plastic bottles.

Betty Bottle

*Help this recycling truck find the **RECYCLING** center.*

*Peter Paper wants you to know that newspapers can be **RECYCLED** too.*

Betty Bottle asks if you can complete this word puzzle. The words all have to do with recycling.
